CAREER OBJECTIVE

Detail-oriented Computer Science graduate with strong analytical skills and hands-on experience in AI systems, data processing, and quality assurance. Seeking a Data Annotator role at i3systems to leverage my understanding of AI/ML data pipelines, document processing, and precision-driven work ethic to deliver high-quality training data for insurance automation models.

PROFESSIONAL EXPERIENCE

Operations Associate

Feb 2024 - Nov 2025

DMart (Avenue Supermarts Ltd) - Mumbai, India

- Processed 500+ daily transactions with 0% error rate, demonstrating exceptional attention to detail
- Managed data entry across billing systems ensuring 100% database integrity under strict SOPs
- Classified and categorized 50+ product categories with consistent labeling standards
- Resolved data discrepancies through systematic verification and quality auditing

Research & Data Intelligence Specialist

Dec 2025 - Present

Independent - Mumbai, India

- Structured large datasets applying consistent tagging and classification methodologies
- Designed tracking dashboards for competitor metrics and market intelligence

TECHNICAL PROJECTS (AI & DATA)

AutoShorts - AI Content Engine with Data Validation

Python, Groq, SQLite

- Built quality validation engine scoring AI-generated content against 10+ criteria
- Designed deduplication system that classifies and tags content preventing repetition
- Demonstrates understanding of how training data quality impacts AI model performance

ClawBot - AI Agent with Intent Classification

Python, LLM, Telegram API

- Classifies user intents and maps them to 32+ tool categories - annotation-like logic
- Designed JSON-structured data pipelines for organizing and labeling tool responses

TaskFlow - Production REST API

FastAPI, JWT, SQLite, Docker

- Built API with strict data validation, type checking, and structured error handling

SKILLS

Data:	Data Labeling, Classification, Tagging, Annotation, Quality Assurance, Data Validation, Pattern Recognition
Languages:	Python, JavaScript, SQL, Bash, HTML/CSS
AI/ML:	LLM Prompt Engineering, AI Data Pipelines, Document Processing, NLP, Content Classification
Tools:	Git, GitHub, Docker, VS Code, Google Sheets, Excel (Pivot Tables, VLOOKUP)
Database:	SQLite, MySQL, PostgreSQL - Data Storage, Querying, Filtering, Structured Data
Soft Skills:	Attention to Detail, Analytical Thinking, Independent Work, Fast Learning, Team Collaboration

EDUCATION

Bachelor of Science (BSc) - Computer Science

2023 - 2026

Sheth L.U.J College of Arts & Sir M.V. College of Science & Commerce, Mumbai University

HSC (12th) - Science

2022

V.P.M.'s Valia College of Arts, Commerce & Science, Mumbai

ADDITIONAL INFORMATION

Languages: English (Professional), Hindi (Fluent), Marathi (Native)
Open Source: 11 public GitHub repositories with 200+ commits - github.com/ansariazad
Portfolio: ansariazad.github.io - 8 live projects with source code and documentation
Available: Immediate joiner - Available for rotating shifts at Marol, Mumbai office
